PURPOSE AND GOALS

Appalachian State University is an academic community dedicated to teaching, scholarship, research, service, inclusion, and the holistic development of students. As an academic community, the University has an interest in the safety, welfare, and education of the members of this community and in fostering an environment consistent with the educational mission, purpose, and processes of the University. When students voluntarily enter the University, they assume obligations of performance and behavior relevant to the University's mission, processes, and functions. Expectations of students in an academic community may be higher than those of other citizens.

The University acknowledges that students have rights and responsibilities as members of the Appalachian State University community, and the University has expectations regarding the behavior of its members which extend beyond the classroom into all aspects of life. The mission of the Office of Student Conduct is to educate students about community standards and prohibited conduct, promote student learning and accountability, and facilitate the development of thoughtful, responsible, and engaged members of the community. Through the Code of Student Conduct, the Office of Student Conduct strives to reduce and prevent behavior that undermines academic success and that negatively detracts from the educational mission of the University; to ensure the health and safety of students and the community; to provide timely support and resources for students; and to prevent violence in and around the University community.

The process by which Appalachian State University educates Respondents who violate the community standards of the Code of Student Conduct is through disciplinary review and imposition of outcomes, which may include possible separation from the University. Decisions made using the Code of Student Conduct take into consideration both the rights of the student(s) and the needs of the University in accomplishing its educational goals and mission. In exercising its scope, the University is committed to the principle of fundamental fairness.

The goals of the proceedings under the Code of Student Conduct are as follows:

- to facilitate an understanding of the University's community standards;
- to help the Respondent determine the level of responsibility for their behavior;
- to help the Respondent determine the reasons for their misconduct;
- to help bring the Respondent's behavior into compliance with the community standards;
- to aid the Respondent in clarifying their values and how the values relate to the behavior in question;
- to help the Respondent in making future choices that will enable them to be successful;
- to help the Respondent consider in advance the consequences of their behavior; and
- to protect the safety and welfare of the University community.

ARTICLE II – SCOPE

2.01 Authority

Per [The Code of the Board of Governors of the University of North Carolina Section 502 D\(3\) – Chancellors of Constituent Institutions](#), the Chancellor has full authority in the regulation of student conduct and discipline. The Chancellor may delegate such authority to University administrators or other officials as set forth in this Code or in other appropriate policies, regulations, or rules. The Chancellor has delegated this authority to the Office of Student Conduct.

This Code is the University's primary policy governing student behavior. The provisions of this Code are not contractual covenants between the University and the student. The University reserves the right to change this Code at any time during a student's term of enrollment. Such changes will be communicated to members of the University community through various publications. Each student is responsible for maintaining current knowledge of this Code and any amendments or updates that may be implemented.

An operating unit of the University (e.g., academic colleges or departments, University Housing, Athletics, International Programs) may also establish conduct standards for the student/departmental relationship, so long as those standards are consistent with the provisions of this Code or establish higher standards of conduct set forth in this Code. Disciplinary action pursuant to this Code does not preclude additional action by the operating unit. Outcomes applied under this Code cannot be waived or modified by the operating unit. The operating unit may impose outcomes in lieu of outcomes applied in proceedings under this Code only when done in consultation with the Director.

2.02 Admissions Decisions

The University reserves the right to administratively rescind and void a student's admission offer prior to their first day of class if the student provided false information or omitted information on their application.

2.03 Scope

Violations of University policies, rules, or regulations; or violations of federal or state laws, local ordinances, or laws of other national jurisdictions may constitute a violation of this Code and result in disciplinary action. The University has oversight of all conduct which occurs on University premises and reserves the right to consider off-campus behavior when it is determined that the off-campus behavior is detrimental to the University and its educational mission. Behavior that occurs at any college or university may be processed under this Code in the same manner as on-campus behavior.

a. *Violation(s) of Law and University Disciplinary Actions*

The procedures provided in this Code are not intended to be equivalent to the process of federal, state, or local laws and do not determine whether criminal conduct has occurred. Criminal procedures do not address the educational mission of the University. The University may initiate disciplinary proceedings when a student is charged with a violation of law that may also constitute a violation of this Code. The University reserves the right to proceed under this Code prior to, concurrent with, or subsequent to civil litigation, criminal arrest, or criminal prosecution. The University fully cooperates with law enforcement agencies to the extent permitted by law. The outcome of a criminal or civil legal process is not determinative of the outcome of a University disciplinary process.

b. *Off-Campus Behavior(s)*

Types of off-campus behavior(s) that may be addressed by the Office of Student Conduct include, but are not limited to, the following:

1. felony charges;
2. acts of harm charges, including, but not limited to, assault, harassment, or threats;

5. behavior that occurs at any college or university may be processed under this Code in the same manner as on-campus behavior; and

The University has the right, under appropriate circumstances, to regulate the time, place, and manner of exercising these and other constitutionally protected rights. In administering this Code, due care will be exercised in order to preserve freedoms of speech and expression, as articulated in current legal standards. This will be done in accordance with [UNC Policy 1300.8](#) regarding Free Speech and Free Expression.

2.05 University as Complainant

As necessary, the University reserves the right to initiate a Complaint, to serve as Complainant, to appoint a proxy Complainant, and/or to initiate conduct proceedings without a formal Complaint. If there appears to be reliable information indicating that a violation may have occurred, the student conduct process will be initiated. Reports may also be addressed through other non-conduct procedures.

2.06 Placement of Holds

A hold may be applied to prevent registration, transcript attainment, and/or graduation when: the student has failed to complete outcomes by assigned deadlines; the student is suspended or expelled from the University; the student is not currently enrolled and has a pending case; or the student has a pending case that must be resolved prior to graduation.

2.07 Notification of Outcomes

The resolution of a process in the Office of Student Conduct is generally considered part of an education record and protected from unauthorized disclosure under the Family Educational Rights and Privacy Act (FERPA). However, the University may release the final results of any Informal or Formal Resolution, without a Respondent's prior consent, in the following circumstances where permitted, or required, by law:

- a. The University will release the results of any disciplinary proceeding to an alleged victim of any Crime of Violence or in cases involving an alleged Crime(s) of Violence or Sex-Based Harassment, to be informed of the final decision and results of a disciplinary proceeding in accordance with FERPA, Title IX of the Education Amendments Act, and the Clery Act; and all other rights provided to the Respondent.

2.08 **Parental Notification**

The Office of Student Conduct may notify parent(s) or guardian(s) of students under the age of twenty-one (21) of certain alcohol or drug violations. This notification generally will take place upon the determination of a violation by a Student Conduct Administrator in the student conduct process. Unless there are extenuating circumstances, the Office of Student Conduct will generally not notify the parent(s) or legal guardian(s) of students under the age of twenty-one (21) of first-time alcohol violations. For more information, please see [the Family Educational Rights and Privacy Act of 1974](#).

ARTICLE V – PROCESS FOR ADDRESSING PROHIBITED CONDUCT

5.01 Notification and Written Communication

Pursuant to [Policy 908 – E-Mail as Official Means of Communication](#), all forms of written communication shall be delivered via the Respondent’s official University e-mail. Special circumstances may require that written communication be delivered in person or via postal mail. Written communication shall be considered delivered on the date e-mailed, hand-delivered, or three (3) days after the communication is mailed.

5.02 Reporting Allegations

- a. Complaints of alleged misconduct may be filed with the Office of Student Conduct. The Complaint should be submitted as promptly as feasible after the occurrence. A delay in reporting may be reasonable under some circumstances, as determined on a case-by-case basis. An unreasonable delay in reporting, however, is an appropriate consideration in evaluating the merits of a Complaint. In any event, a Complaint must be made within one hundred eighty (180) calendar days following the date on which an alleged violation of this Code occurred. In extenuating circumstances, the timeline for filing a Complaint may be extended. *(Note: Any Complaint regarding concerns of discrimination, harassment or retaliation based on protected status, workplace bullying, and sex-based misconduct should be reported through the Appalachian State University Office of Access & Equity, Equal Opportunity (EO).)*
- b. To be considered, a Complaint must include factual information supporting the allegation(s). Anonymous Complaints may be submitted; however, cannot be the sole basis of a referral under this Code. Information provided through public electronic sources or public records (e.g., criminal citations, etc.) may be used as a Complaint of misconduct.
- c. In their professional judgment, on the basis of the provided information or in consultation with appropriate University officials the Director will determine:
 1. if a Complaint shall be pursued or dismissed,
 2. what the possible minimum outcomes may be, based on the nature of the Complaint or the Respondent’s prior disciplinary history, and
 3. the most appropriate means for addressing the Complaint (e.g., investigation, Informal Resolution, Formal Resolution).

This determination should be made within ten (10) days after the Complaint is submitted; however, a reasonable extension of this time limit is permissible.
- d. For purposes of addressing alleged violations of this Code:
 1. For substantive purposes of determining responsibility for a Code violation, the definitions set forth in the Code in effect at the time of the alleged incident shall apply.
 2. For procedural purposes, the process set forth in the Code at the time the Director determines to pursue a Complaint shall apply.
- e. Allegations of misconduct will be presented to the Respondent in writing and will include the alleged violation(s) and details about next steps relevant to this Code.

5.03 Review of Information

The University may receive and, in its discretion, review information regarding incidents of alleged misconduct. The information review process may include, but is not limited to, collecting accounts from involved parties and/or witnesses, written statements, audio recordings, pictures, social media information, text messages, police reports, medical records, and other relevant information. Information gathered may be included as relevant information in a formal resolution.

5.04 Standard of Information

The University must establish that the Respondent is Responsible for the alleged violation(s) by a preponderance of the evidence (e.g., that it is more likely than not that the Respondent violated this Code). This determination must be based solely on the information presented, which may include, but is not limited to, pertinent records (e.g., Complaints, police reports, investigation reports), exhibits (e.g., photographs, audio/video information, social media information), and written/oral statements. Formal rules of evidence and procedure do not apply.

5.05 Presence of Support Individuals and Advisors

The Respondent has the right to be accompanied by one (1) support individual. This individual is present to provide emotional support to the Respondent(s). The support individual may not participate in the proceedings, address any participants, or, in the sole discretion of the individual facilitating the meeting (e.g., Conduct Resolution Administrator, Chair), delay, disrupt, or otherwise interfere with the proceeding. The Advisor may fully participate only to the extent and in the same manner afforded to the Respondent(s) they represent, provided that the Advisor may not provide testimony. A support individual may not serve in any other role throughout the student conduct process, including, but not limited to, as Advisor or Witness.

- a. The Respondent may be represented by one (1) Advisor. Notification of the Advisor and/or support individual's planned participation, as well as other required documents related to their participation, must be submitted prior to the meeting.
- b. In the sole discretion of the individual facilitating the meeting, the Respondent may confer with their Advisor so long as it does not delay, disrupt, or otherwise interfere with the proceeding.
- c. Reasonable effort will be made to accommodate the availability of support individuals or an Advisor; however, the availability of involved parties (Respondent, Witnesses, the Conduct Resolution Administrator, Board members), and other necessary participants as well as the expectation to promptly complete the proceeding may, in the discretion of the Director, take priority when determining the meeting date and time.

5.06 Interim Action (See Appendix B for additional information)

In appropriate circumstances the Director or their designee, such as the Executive Director of Access & Equity, may impose an Interim Action on a Respondent who has allegedly violated this Code. Interim Action may be imposed effective immediately, without prior notice, when, in the Director's judgment, there is a need to implement a timely and individualized response based on the seriousness of the alleged violation(s) of the Code, there is a potential for serious disruption or serious threat to the University community and that response may require the Respondent to be separated from area(s) of campus and its property. Interim action may also include alleged violations of [Policy 110](#):

[Discrimination, Harassment, Retaliation and Sex-Based Misconduct](#) while they are being reviewed by the University.

a. *Circumstances Where Interim Action May Apply*

Interim Action shall be exercised only when the Director reasonably believes that the Respondent's alleged misconduct is of such a serious nature that their continued presence at the University is:

1. potentially threatening, harmful, or dangerous to others or the University community;
2. posing a threat of significant property damage;
3. impacting the stability and continuance of normal University functions; or
4. directly and substantially impeding the lawful activities of others. Such acts of misconduct include, but are not limited to, all acts of harm with any type of Weapon or instrument; armed robbery; manufacture, distribution, or possession of any incendiary or explosive device; illegal or abusive use of alcohol or other drugs; and other acts which might endanger individuals or property.

b. *Removal from University Housing*

The Director or their designee, in conjunction with appropriate University Housing administrators, may remove or effect a change in residence of a Respondent for an interim period pending disciplinary proceedings or medical evaluation. The changes shall become effective immediately without prior notice whenever there is evidence that the continued presence of the Respondent in University Housing poses a substantial threat to individuals or property. Removal from or a change in residence pursuant to this section is not appealable.

c. *Temporary Diversion from Regular Process*

A Respondent may be diverted from the procedures otherwise applicable in this Code and suspended on an interim basis if the Director reasonably believes that the Respondent:

1. lacks the capacity to respond;
2. did not know the nature or wrongfulness of the conduct at the time of the alleged offense; or
3. poses a danger to individuals or property.

The regular process shall be resumed upon the Director's receipt of credible, independent information (e.g., certification by a licensed health professional acceptable to the University) that the Respondent:

1. has the capacity to respond,
2. understands the nature of the alleged misconduct, and
3. does not pose a danger to individuals or property.

5.07 **Pre-Resolution Meetings**

- a. After being informed of the alleged violation(s) and their rights under this Code, including the right to a Formal Resolution as set forth in this Code, the Respondent may voluntarily waive the right to a Formal Resolution and resolve with an Informal Resolution during their pre-resolution meeting.

- b. During a pre-resolution meeting, the Conduct Resolution Administrator will, in their professional judgment on the basis of the provided information or in consultation with appropriate University officials (e.g., Title IX Coordinator; University Housing; the Dean of Students), propose findings regarding any alleged violation(s) and may specify any outcome(s) described in this Code.
 - 1. If the Respondent accepts the Informal Resolution, they waive their right to a Formal Resolution and, if applicable, accept responsibility for the violation(s) and the outcome(s) imposed.
 - 2. If the Respondent declines the Informal Resolution, the case will be referred to a Formal Resolution.
 - 3. The Respondent may be given up to two (2) days to review the Informal Resolution and decide if they would like to accept or decline the proposed findings and outcomes.
- c. Once the Informal Resolution is signed, the outcome letter must be delivered in writing to the Respondent within five (5) days.
- d. An Informal Resolution may not be appealed.

5.08 **Formal Resolution**

- a. Unless an Informal Resolution is accepted, the Conduct Resolution Administrator shall refer the case to a hearing for Formal Resolution. The Director may also refer any case directly to a hearing without the option of an Informal Resolution.
- b. The Director or their designee will determine which formal resolution body will address the formal charge(s) by considering the nature of the allegation(s), scheduling, or any extenuating factors. A Formal Resolution can be obtained through one of the following:
 - 1. Administrative Hearing– an Administrative Hearing generally will be conducted by an Administrative Hearing Officer who is a trained University staff or faculty member, or a trained third party, appointed by the Director or designee, who addresses the charge(s) against a Respondent
 - 2. University Conduct Board – The University Conduct Board shall be composed of individuals selected by the Director from a pool consisting of members of the University faculty; staff and students.
 - i. One member of the University Conduct Board will be appointed Chair by the Director each time it is convened.
- c. A University Conduct Board shall consist of five (5) members including the Chair. A case may be referred to a three (3) person board or an Administrative Hearing Officer when one or more of the following circumstances exists:
 - 1. the case arises at a time when the Conduct Board(s) cannot be convened (e.g., during holidays, semester breaks, or summer sessions);
 - 2. a backlog of cases has developed;
 - 3. the case is complex and/or involves a large number of parties or Witnesses; or

4. other circumstances that, in the sole discretion of the Director, warrant use of an Administrative Hearing Officer in order to advance the prompt and equitable resolution of cases or to support the orderly administration of cases being considered under this Code.
- d. Written notice of the hearing shall be provided to the Respondent at least five (5) days prior to the hearing date in cases in which the minimum outcome is less than Suspension, and at least ten (10) days prior to the hearing date in cases in which the minimum outcome is Suspension or Expulsion. The notice will include the formal charge(s), a brief narrative of the incident, and for serious violation cases, the minimum outcome(s). For all cases which could result in Expulsion, the notice will specify that Expulsion precludes enrollment and matriculation at any University of North Carolina constituent institution.
- e. The Director may postpone the hearing, provided that written notice of the new hearing date is given to the Respondent.
- f. The Respondent may request one (1) postponement of the hearing by submitting that request to the Director. Requests should be made at least two (2) days prior to the hearing and will generally only be granted in cases of serious student illness, family emergency, or when a student has a scheduled exam that directly conflicts with the scheduled time.
- g. Cases regarding multiple Respondents or multiple Complainants involved in the same incident may be resolved as a single case only if each Respondent and each Complainant consents in writing to such a proceeding.
- h. The Chair or Administrative Hearing Officer is delegated the authority to conduct hearings in a manner designed to effectively and efficiently elicit information needed to make a decision. This includes the authority to review the admissibility of any information, to question Witnesses, to limit the length of statements of any participant if the statement appears to be repetitious or irrelevant, and to remove any participant who is unruly or disruptive. The Chair or Administrative Hearing Officer is charged with the responsibility to conduct the hearing in a manner that will do the following:
 1. ensure a fundamentally fair process;
 2. protect the rights of the Respondent and Complainant; and
 3. ensure that participants are treated with respect.
- i. Prior to considering the charges, the Chair or Administrative Hearing Officer shall address the following:
 1. the procedures that will be followed;
 2. the hearing being closed to the public;
 3. the importance of confidentiality of the proceedings;
 4. the University's commitment to the principle of fundamental fairness;
 5. the presumption that a Respondent is not responsible for a violation of this Code until determined otherwise; and
 6. whether any Board member or Administrative Hearing Officer wishes to recuse themselves due to a conflict with, bias about, or interest in the case.

- j. Special considerations may be provided for statements by alternate methods (e.g., room divider, teleconference, video conference). Such considerations are at the discretion of the Director.
- k. All formal resolution hearings will be recorded, and the recordings will serve as the verbatim record. The University retains the sole right to record hearings. No other recordings may be made of the hearings.
- l. All hearings are closed to the public. The Respondent has the right to appear with a Student Conduct Advisor in addition to support individuals and an Advisor as described in this Code.
- m. The Respondent may request that a member of the Board be excluded from the hearing. This request must be made immediately after the introduction of the Board and requires justification. Additionally, a Board member may recuse themselves if they believe there is a conflict with, bias about, or interest in the case. The Chair or Administrative Hearing Officer shall make the final decision whether to exclude any Board member; this decision cannot be appealed. In the case of an Administrative Hearing, this request must be made within two (2) days of the Respondent's receipt of notice of the Formal Resolution and the identity of the Administrative Hearing Officer. Participation in prior disciplinary proceedings alone will not result in recusal.
- n. The Board or Administrative Hearing Officer, and Respondent may ask reasonable questions of any Witnesses appearing at the hearing. This is not intended to preclude the introduction of written statements, previously written memoranda, letters, or other written material. When practical, the opportunity for questioning should be afforded; however, other information may be introduced at a hearing even though the writer is not present for questioning. Members of the Board or the Administrative Hearing Officer shall attach whatever weight or significance to these documents or statements they deem appropriate.
- o. To determine findings for any alleged violation(s), a vote by the Board will be taken in a closed executive session and will be based solely on the information presented during the hearing. The Board shall base its determination on information that it finds to be reliable, including any assessment of the credibility of information. A vote of "Responsible" by a simple majority of the members present, shall be required to find the Respondent Responsible for any violation(s). In cases resolved by an Administrative Hearing Officer, they will determine the level of Responsibility based on the preponderance of the evidence standard and the information provided.
- p. Information regarding any prior disciplinary history may not be introduced or considered in deliberations regarding findings of Responsibility.
- q. If the Respondent is found Responsible, the Respondent may provide an Impact Statement and any information related to the Respondent's character, including prior disciplinary history, for consideration by the Board or Administrative Hearing Officer in determining an outcome. A Complainant involved in an alleged Crime of Violence may also provide an Impact Statement. Impact Statements and information provided by either a Complainant or Respondent are not binding but will be given such weight as the Board or Administrative Hearing Officer deems appropriate.
- r. Decisions made by the Board or Administrative Hearing Officer are final unless Expulsion is recommended. In cases involving Expulsion, the recommendation will be forwarded to the Vice Chancellor for Student Affairs, who shall make the final administrative decision. The Respondent will be banned from all University premises and University-sponsored activities and is subject to arrest

for trespassing if found on any University premises or at a University-sponsored activity during the period of time in which the recommendation of Expulsion is under review by the Vice Chancellor for Student Affairs.

- s. A decision must be made within five (5) days of the date of the hearing. Notice of the decision must be delivered in writing to the Respondent within five (5) days of the decision. The notice will include a brief summary of the information upon which the decision is based and shall specify any appeal rights. The final results of a disciplinary proceeding conducted with respect to an alleged Crime of Violence shall be reported to the alleged victim in accordance with FERPA and the Clery Act.

5.09 Failure to Engage with Processes to Address Alleged Violations

- a. If the Respondent has been notified pursuant to this Code and fails to respond within five (5) days of the initial notice, a hold may be applied to prevent registration, transcript attainment, and/or graduation.
- b. If the Respondent fails to attend their scheduled hearing for a Serious Violation, the Board or Administrative Hearing Officer shall adjudicate the case in their absence.
- c. The Conduct Resolution Administrator will, in their professional judgment, determine findings for any alleged violation(s) and may specify any outcome(s) described in this Code.
- d. The resolution must be delivered in writing to the Respondent within five (5) days of the decision. The Office of Student Conduct may place a hold on the Respondent's account until such time as they confirm receipt of the written decision.
- e. If the Board or Administrative Hearing Officer determines that the Respondent's failure to appear was not for the purpose of defeating the disciplinary proceedings, they may rescind the disciplinary action and move forward with either an Informal or Formal Resolution.

ARTICLE VI – APPEALS

APPENDIX A – AMNESTY POLICY

Amnesty strives to promote a culture in which students actively seek help for themselves or others if/when needed. It is most often applied to situations in which substances were used and impacted someone's health, safety, and/or wellbeing, but can also be applied to situations in which someone experienced relationship violence, sex-based misconduct, sex/gender-based harassment/discrimination, or was the victim of a crime while under the influence of any substance(s).

Amnesty offers a level of protection from status outcomes for some behavior(s) that violate the Code of Student Conduct. The process instead focuses on the development and completion of an educational action plan to address the underlying behavior(s). The action plan is developed from a harm reduction model, focused on understanding what happened, why it happened and preventing recurrence. The action plan offers pathways for reflection, connection to campus/community resources and an opportunity to demonstrate learning/growth. Amnesty can be offered for any relevant situation(s) and is not limited to a one-time use/application.

The Amnesty Policy may apply to the following:

- a. students who seek assistance from a University Official or emergency personnel on their own behalf;
- b. individuals who seek assistance from a University Official or emergency personnel on the behalf of another and who remain on the scene to provide support (the policy may also apply to the student who received assistance); or students who report alleged Code of Student Conduct, [Policy 110: Discrimination, Harassment, Retaliation and Sex-Based Misconduct](#), and/or law violations.

The Amnesty Policy may not apply to the following:

- a. other violations of the Code of Student Conduct that may be unrelated to the underlying reason help was sought (Amnesty may not extend to the sale or distribution, or manufacturing of drugs or alcohol);
- b. circumstances where medical attention is requested by Appalachian State University faculty or staff while performing their job duties; or
- c. students who do not engage with the process with the Office of Student Conduct.

To receive amnesty, a student must agree to the development and completion of an educational action plan, which may include participation in educational programming. Failure to complete the action plan may result in a hold to prevent registration, transcript attainment, and/or graduation.

Amnesty granted does not prevent independent action from law enforcement agencies, including the Appalachian Police Department. It does not prevent an individual who has enforcement obligations under federal, state, or local law to report an alleged violation, file a charge, or take other action related to the possible criminal prosecution of any student.

APPENDIX B – INTERIM ACTION

Interim Action is meant to ensure the safety of individuals involved in an incident as well as the campus community, which includes the online presence of Appalachian State University. These actions may be put in place prior to, during, or after a resolution process.

Interim Actions are meant to be temporary and have the least amount of impact on a Respondent's academic activities weighed against the need to protect the safety of the Complainant(s), Respondent(s), and the campus community.

Interim Actions are not decisions about responsibility. The Director will issue an Interim Action when the University determines that there is an imminent or ongoing threat to the campus community.

Interim Actions may include, but are not limited to:

- a. A no contact directive placed between students,
- b. A formal request or warning that a student cease current behavior(s),
- c. Removal of privileges or suspension of activity (including attendance in a specific class),
- d. Interim relocation or removal from University Housing,
- e. Interim Suspension.

Interim Suspension

During a period of Interim Suspension, the Respondent shall be banned from all University premises and University- sponsored activities and is subject to arrest for trespassing if found on any University premises or at a University- sponsored activity. A notation of "case pending" will be added to the University of North Carolina Suspension/Expulsion database until the disciplinary case has been resolved. The notation will, at that time, be updated to reflect the status of the case. A notice of Interim Suspension shall be provided in writing to the Respondent. The Director will make a reasonable attempt to speak with the Respondent and give the Respondent an initial opportunity to respond to the concerns before issuing the Interim Suspension.

a. Interim Suspension Review

A Respondent placed on Interim Suspension shall be afforded a review to address their Interim Suspension and request that the Interim Suspension be lifted. The person issuing the Interim Action shall conduct the review. The following procedures will be applicable:

1. A request for a review must be submitted to the Director within two (2) days of the Respondent's receipt of the notice of Interim Action. In extenuating circumstances, the Director may grant an extension of time. This request must be made in writing to the Director. The request must clearly state the grounds on which it is based and present specific reasons or justifications to support the request. If no request is received by involved parties, University disciplinary proceedings will be scheduled.

2. The Respondent will be informed of the time, date, and location of the review in writing at least two (2) days in advance. This notice period may be waived in writing by the Respondent. The Respondent will remain suspended on an interim basis pending a decision following the review but may be allowed to be on University premises to attend the hearing or for other necessary purposes, as authorized in writing by the Director. If the notice of Interim Suspension requires the Respondent to be evaluated by a licensed health professional acceptable to the University, the review will be held after the Director receives a written evaluation.
3. The Respondent may request that the Director or designee be replaced for another designee in the review. This request must be made in writing and requires justification. Additionally, a Director or designee may recuse themselves if they believe there is a conflict with, bias about, or interest in the review. The Dean of Students shall make the final decision whether to change the Director or designee for the review; this decision cannot be appealed. Participation in prior administrative meetings or disciplinary proceedings alone will not result in recusal.
4. Information utilized during the Interim Suspension review may include the Respondent's Disciplinary Records, including written evaluations from a licensed psychiatrist or psychologist, and verbal testimonies from the Respondent and any Witnesses. The Respondent will be asked to provide consent to the disclosure of any medical or mental health information relevant to the appeal review to those present. All information that may be utilized will be available for inspection by the Respondent in the Office Student Conduct during normal business hours.
5. The Interim Suspension review shall be conversational and non-adversarial. A decision shall be made on the basis of the information presented during the review. Formal rules of evidence and procedure will not apply. Any individual who disrupts the review may be excluded.
6. In addition to support individuals and an Advisor, the Respondent may have a licensed health professional acceptable to the University present as support.
7. The Interim Suspension review may be conducted in the absence of the Respondent if they were provided proper notice.
8. The Interim Suspension review shall be recorded, and the recording will be kept with the pertinent disciplinary file.
9. A decision must be made within ten (10) days of the conclusion of the review. Notice of the decision must be delivered in writing to the Respondent within five (5) days of the decision. The written decision will contain a statement of reasons for any determination to continue Interim Suspension.
10. The decision of the Interim Suspension Administrator shall be final and conclusive and not subject to additional appeal.

Scheduling of University Disciplinary Proceedings

University disciplinary proceedings shall be scheduled as soon as practical unless the Respondent requests a deferral until the conclusion of any criminal proceedings or medical treatments. A request for deferral must be filed with the Director within five (5) days of the Respondent's receipt of the notice of Interim Action or the decision of the Interim Suspension review. In reviewing the request, the Director shall consider the following:

- a. whether the interests of the University will be served by postponing the disciplinary proceedings until after the criminal process or medical treatment has been concluded;
- b. the amount of time the resolution may take;
- c. the availability of Witnesses at the time of the request and the likelihood of their availability in the future; and
- d. any federal or state laws or policies that would not permit the process to be delayed.

APPENDIX C – ORGANIZATIONAL MISCONDUCT

Jurisdiction & Overview

The student conduct process applies to the conduct of Recognized Student Organizations (RSO's)/University Affiliated Organizations (UAO's). The Office of Student Conduct makes decisions for all allegations of organizational misconduct unless an allegation involves concerns of discrimination or harassment based on protected status, retaliation, workplace bullying, and sex-based misconduct. Cases involving allegations of that nature will be referred to the Appalachian State University Office of Access & Equity, Equal Opportunity.

RSO's/UAO's that have lost University recognition/affiliation may still be subject to provisions in this code. Individual students who are members of an RSO/UAO are still subject as individuals to the *Code of Student Conduct* and may be held individually accountable for behaviors also attributed to the RSO/UAO. Individuals who are members of an RSO/UAO may, through their actions, subject the RSO/UAO to disciplinary action, whether or not those individuals are also adjudicated under the *Code of Student Conduct*.

Though anonymous complaints are permitted, doing so may limit the University's ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Office of Student Conduct.

An RSO/UAO facing an alleged violation of the *Code of Student Conduct* is permitted to dissolve/surrender recognition/affiliation during the adjudication process. However, the University may continue the adjudication process even after the RSO/UAO has been dissolved.

RSO/UAO representatives are responsible for all communication delivered to their University email address. In addition, the University reserves the right to notify and/or communicate with the RSO/UAO Advisor and/or any inter/national organizational governing body associated with the RSO/UAO about any relevant allegations, investigations, and outcomes, provided such communications follow FERPA.

Witness Anonymity in RSO/UAO Cases. The University reserves the right to withhold the identity of certain witnesses from the RSO/UAO to protect these individuals from retaliation. In such cases, information about the status, role, etc. of the witness will be shared with the RSO/UAO to the extent that doing so will not identify them. If the case is referred to a Formal Resolution for adjudication, the identity of these witnesses will also not be shared with the Administrative Hearing Officer/Board members.

Records Maintenance/Access and Privacy

- a. Cases in which there was a status outcome will be maintained indefinitely.
- b. Cases without a status outcome will be maintained for eight years from the reported incident date.
- c. Any portions of records related to a Student Organization that do not contain identifiable Student information are generally not protected from disclosure.

Definitions

- C.01 **Inter/National Organizational Governing Body** is any known or designated association or body affiliated with any RSO/UAO. Examples may include national headquarters of Greek-letter organizations, national governing bodies of sports organizations, national honor societies, etc.
- C.02 **Recognized Student Organization (RSO)/University Affiliated Organization (UAO)** is any group that has been recognized by the University as a student organization or has applied for such recognition or is affiliated with the University. This would include, but is not limited to, unchartered provisional chapters/interest groups.
- C.03 **RSO/UAO Advisor** is any individual designated by the RSO/UAO as their advisor. If there is no RSO/UAO Advisor designated by the RSO/UAO, the institution may choose a designee.
- C.04 **RSO/UAO Representative** is the student on file with the University as the elected/appointed leader of the RSO/UAO (i.e., president or team captain). However, the RSO/UAO may choose an alternate student member to serve as the official representative of the RSO/UAO at any time. If the individual designated is no longer eligible to serve in that role (e.g., the student withdraws from the University or is no longer a member of the RSO/UAO) or if the RSO/UAO dissolves prior to or during the investigation/adjudication process, the University may designate an RSO/UAO representative of their choosing.

Organizational Criteria

The following criteria will be utilized when determining whether conduct might reasonably be associated with an RSO/UAO, and therefore considered a sponsored/hosted event (whether on or off-campus, or online):

- a. Any event that the RSO/UAO registers with the University or otherwise notifies the University that it is sponsoring/hosting;
- b. Any event that meets the criteria of an event that should be registered with the University or that the RSO/UAO should have otherwise notified the University of;
- c. Any event that the University determines may qualify as a sponsored event based on, but not limited to, the following factors: the nature of the event, the number of RSO/UAO members in attendance, advertising, promotion or publication conducted by members/on controlled mediums of the RSO/UAO, details surrounding how the event was financed, or being reasonably associated with the organization through the action(s)/behavior(s) of its members, etc.

Student Organization Amnesty Policy

Amnesty strives to promote a culture in which members of an RSO/UAO actively seek help for themselves or others if/when needed and/or self-report any violations committed by members of the RSO/UAO. It is most often applied to situations in which substances were used and impacted someone's health, safety, and/or wellbeing, but can also be applied to situations in which someone experienced relationship violence, sex-based misconduct, sex/gender-based harassment/discrimination, or was the victim of a crime while under the influence of any substance(s).

Amnesty offers a level of protection from status outcomes for some behavior(s) that violate the Code of Student Conduct. The process instead focuses on the development and completion of an educational action plan to address the underlying behavior(s). The action plan is developed from a harm reduction model, focused on understanding what happened, why it happened and preventing recurrence. The action plan offers pathways for reflection, connection to campus/community resources and an opportunity to demonstrate learning/growth. Amnesty can be offered for any relevant situation(s) and is not limited to a one-time use/application. Prior behaviors of a similar nature in the past calendar year may be taken into consideration in determining whether amnesty will be granted to an RSO/UAO.

Amnesty offers RSO's/UAO's an opportunity to engage in an educational process that will best meet the organization's and its members' needs in partnership with the University and its own self-governing processes.

An RSO/UAO may request amnesty for incidents involving alcohol, drugs, and for some hazing behaviors, including but not limited to:

- a. Possession, consumption, or distribution of alcohol at an RSO/UAO event, where medical attention is needed. The medical attention may be related or unrelated to alcohol use.
- b. Possession or consumption of drugs at an organization event, where medical attention is needed. The medical attention may be related or unrelated to drug use.
- c. Facilitation of hazing behaviors by the organization or its members

RSO's/UAO's may be eligible for amnesty when swift action has been taken by the organization to stop the appropriate behavior(s), to provide an immediate/timely remedy, and to propose or put measures in place to prevent such behaviors from occurring again.

For amnesty to be considered/applied, the RSO/UAO (and/or individual representing the organization) must:

- a. Request the review and consideration of Amnesty for the reported allegation(s)
- b. Complete a meeting with appropriate staff to provide a full account of the alleged incident(s) (be prepared to discuss what was done to stop/remedy/prevent recurrence)
- c. Draft an educational action plan (focused on things that address any underlying alleged behavior(s))
- d. Engage in continued meetings with appropriate staff to discuss the educational action plan and ensure its implementation/completion
- e. Complete the educational action plan

Amnesty granted does not prevent independent action from law enforcement agencies, including the Appalachian Police Department. It does not prevent an individual who has enforcement obligations under federal, state, or local law to report an alleged violation, file a charge, or take other action related to the possible criminal prosecution of any student.

RSO/UAO members who self-report or participate in an investigation may not be charged with other minor University policy violations that are brought to light in the course of the investigation that arose out of, or were committed as a direct result of, the incident(s) under investigation (i.e. students forced to consume alcohol as part of a hazing incident will not be charged with violations of the University's alcohol policy) as long as those behaviors do not represent a threat to the health, safety or well-being of others. The University reserves the right to follow up with students related to those issues as appropriate in a non-disciplinary setting.

Interim Action

In cases where it is determined that certain continued operations of an RSO/UAO constitute a reasonable threat of harm to individuals or the University community, damage of University premises, or disruption to the educational mission of the University, the Director or their designee may issue interim action(s), up to and including an interim suspension of all RSO/UAO activities, pending final resolution of the matter. Upon issuance of any interim action(s), the Director or their designee will notify the RSO/UAO representative and other appropriate parties in writing.

If an RSO/UAO wishes to seek a review of any interim action(s), the RSO/UAO representative must submit a written request for an administrative review to the Director or their designee. This administrative review should happen within five (5) business days of the University receipt of the request. This administrative review is not a hearing on the merits of the underlying allegations, but is merely a review to determine what, if any, interim action(s) are appropriate. The review may lead to a continuance, removal, and/or modification of the interim action(s), including modifications that may be more restrictive than the initial action(s). The University will notify the RSO/UAO representative of the outcome of the review in writing within three (3) business days of the review meeting. This notification will include the University decision and the rationale for that decision.

If the University investigation lasts beyond 60 days, the RSO/UAO may request another review of the interim action(s), which will be handled similarly to the initial request for review as outlined above.

Prohibited Behavior(s)

In addition to the prohibited conduct outlined in this Code, the behaviors listed below are specifically applied to the behaviors of RSO's/UAO's.

- a. *Abuse of Process* – Directly or indirectly abusing or interfering with the University investigation/adjudication process by engaging in one or more of the following: falsifying, distorting, or misrepresenting information or colluding to do the same in the investigation/adjudication process; destroying or concealing information; attempting to discourage an individual's proper participation in the investigation/adjudication process; harassing or intimidating (verbally or physically) any person involved in the University processes before, during, and/or following proceedings (including up to, throughout, and after any outcome(s)); unauthorized disclosure of a reporting party's identifying information; distributing or otherwise publicizing materials created or produced during an investigation except as required by law or as expressly permitted by University; or influencing or attempting to influence another person to commit abuse of process.

- b. *Endangerment* – The RSO/UAO aids, abets, incites, organizes, approves, or otherwise participates in any activity that would constitute physical abuse or would endanger the safety, health or well-being of other individuals or groups or would cause reasonable apprehension of such harm. For the purposes of this policy, Endangerment would include observation of activities that might endanger the safety, health, or well-being of individuals by RSO/UAO members in a position to intervene but who fail to intervene.
- c. *Failure to Comply* – The RSO/UAO or its representative(s) fail to comply with the reasonable directive(s) of University officials or designees or law enforcement officers during the performance of their duties. This would include failure to comply with rules, regulations and expectations outlined by the University (such as Campus Activities, UREC, Athletics, etc.) or Inter/National Organization Governing Body, failure to appropriately register an event, comply with any interim action(s) or failure to comply with any outcomes assigned to an RSO/UAO at the completion of the conduct process.
- d. *Hazing* – Any activity related to membership in a group or team, including a Student Organization, which may demean, disgrace, or embarrass a person or that risks endangering the mental, physical, or emotional health of a person, regardless of whether such person has agreed to participate in the activity. Hazing includes violation of North Carolina law as established in [NCGS §14-35](#).
- e. *Retaliation* – Any adverse action(s) towards any person for reporting an alleged violation or for cooperating with or otherwise participating in any University investigation. Retaliation includes, but is not limited to, verbal or implied threats, physical or psychological abuse, intimidation, harassment (verbal or written), or any other action intended to create a Hostile Environment for the intended target of the retaliation. In addition, isolation may constitute retaliation under this policy if the target of the isolation is deprived of an educational opportunity or benefit as a result of that isolation.
- f. *Trademark/Copyright Violations* – The RSO/UAO engages in unauthorized use (including misuse) of University or organizational names and images.

Procedure(s)

- a. *Review of Information/Preliminary Inquiry & Partnered Resolutions*

The University may receive and, in its discretion, review information regarding incidents of alleged organizational misconduct. The information review process may include, but is not limited to, collecting accounts from involved parties and/or witnesses, written statements, audio recordings, pictures, social media information, text messages, police reports, medical records, and other relevant information.

Upon receipt of information that suggests an RSO/UAO may have engaged in misconduct, the Director, or their designee will evaluate that report to determine whether the allegations, if substantiated, would constitute a violation. If not, the Director, or their designee will administratively close the case but may share the content(s) of the report with others as appropriate. If the report does describe a possible violation, the Director, or their designee will then evaluate the content, detail, and general credibility of the report to determine appropriate pathway(s) for additional review and/or resolution. This will include whether a single administrator process is appropriate, or if the University needs to utilize a team of trained interviewers/investigators (internal or external to the University). Review of information can occur at any point throughout the adjudication process (for example, witness interviews may occur prior to an organization receiving notice of any alleged violation(s)).

b. *Partnered Resolutions*

The University promotes a culture of self-governance, and encourages organizations to hold members/groups accountable for behavior outlined within their constitution(s), bylaws etc. Organizations are encouraged to utilize internal processes and standards boards to hold members accountable to their organization's purposes, policies, and expectations. When the behavior includes a violation of the *Code of Student Conduct*, the organization is expected to contact the Office of Student Conduct and report the alleged violation(s).

For low-level, straightforward violation(s), or when it is determined that an organization could be given the opportunity to conduct its own internal investigation and suggest outcomes related to addressing the alleged behavior(s), the organization may be offered an opportunity to engage in a Partnered Resolution Process.

If the Director, or their designee believes the reported behavior is more likely than not to have occurred, and it is considered a low-level, straightforward violation, they may send an RSO/UAO Representative a proposed outcome in writing. Upon receipt, the RSO/UAO Representative can either accept the proposed outcome or request a Pre-Resolution Meeting.

If the Director, or their designee believes the organization could be given an opportunity to conduct its own internal investigation and suggest outcomes related to addressing the alleged behavior(s), the RSO/UAO Representative would be notified that a report of an alleged violation has been received, and an initial meeting between the RSO/UAO Representative and Director, or their designee would be scheduled. The organization would then be given the opportunity to conduct its own internal investigation and suggest outcome(s). If the University is satisfied with the internal investigation and suggested outcome(s), they can move forward into finalizing the outcomes and resolving the case through that Partnered Resolution process. If the University is not satisfied with the internal investigation and/or suggested outcome(s), the case will be referred for a Pre-Resolution Meeting.

c. *Standard of Information*

The University must establish that the RSO/UAO is Responsible for the alleged violation(s) by a preponderance of the evidence, or a 'more likely than not' standard.

d. *Notice & Pre-Resolution Meeting(s)*

The Director, or their designee will provide notice of the alleged violation(s) to the RSO/UAO Representative, as well as information about how to schedule a Pre-Resolution Meeting. The Pre-Resolution Meeting provides an opportunity to discuss the nature of the allegations, the rights and responsibilities of the RSO/UAO, and resolution options. The RSO/UAO Representative is encouraged to bring other members with relevant information to the scheduled Pre-Resolution Meeting. Please provide advance notice if bringing more than 3 people so adequate space can be secured.

During this meeting, the RSO/UAO Representative will decide if they would like to engage in a Mutual Resolution process, or a Formal Resolution Process. If an organization does not participate in a Pre-Resolution Meeting, the case will be referred to the Formal Resolution Process.

Mutual Resolution

The Mutual Resolution process offers an opportunity for the Director, or their designee and the RSO/UAO Representative to discuss the allegation(s), review and discuss all relevant information, and engage in dialogue about outcomes. At the conclusion of the Mutual Resolution process, the Director, or their designee will send the RSO/UAO Representative a proposed outcome in writing. The RSO/UAO Representative may be given up to two (2) days to review the proposed outcome. The RSO/UAO Representative can either accept the proposed outcome or request a Formal Resolution. If the RSO/UAO Representative accepts the proposed Mutual Resolution, they waive their right to a Formal Resolution and the outcomes are finalized and sent in an official outcome letter. A Mutual Resolution may not be appealed. If the RSO/UAO Representative declines the proposed Mutual Resolution or does not respond to the proposed Mutual Resolution in the outlined response timeline, the case is referred to a Formal Resolution.

Formal Resolution

The Director will determine which formal resolution body will address the formal charge(s) by considering the nature of the allegation(s), scheduling, or any extenuating factors. A Formal Resolution can be obtained through one of the following:

- a. *Administrative Hearing Officer* – a single Administrative Hearing Officer will be appointed from a pool of trained University officials.
- b. *University Conduct Board* – The University Conduct Board shall be composed of individuals selected by the Director from a trained pool consisting of members of the University faculty, staff, and students.

During a Formal Resolution, the RSO/UAO Representative will be permitted to bring up to 3 additional spokespersons to participate in the hearing in a non-witness capacity. Whether other participants such as RSO/UAO Advisors or individuals from any Inter/National Organizational Governing Body will be permitted to participate in a Formal Resolution in any capacity will be determined on a case-by-case basis by the Director, or their designee.

In some instances, the University may invite Organization Category Experts (OCEs) to participate in a Formal Resolution. These individuals will have a higher level of knowledge and/or expertise of a specific RSO/UAO category and are intended to provide clarity and advocacy during the Formal Resolution Process. OCEs may be staff members from specialized units related to the category of the organization or their designees.

If the RSO/UAO Representative fails to attend their scheduled hearing, the Board or Administrative Hearing Officer shall adjudicate the case in their absence.

Outcomes

At the conclusion of the resolution process, the decision-maker(s) will determine whether a violation has occurred and selects one of the following options for any alleged violation:

- a. *Not Responsible* – This outcome can be determined at any state of the process. If a finding of not responsible is determined, the case is considered closed, and the organization has no reportable disciplinary history related to that case.
- b. *Charge(s) Dropped/Case Dismissed* – This outcome is applied when it is determined that there is insufficient or unobtainable information to make a determination. A dropped charge may be reinstated within one calendar year from the date it was dropped if substantial new information becomes available. If a charge is dropped/the case is dismissed, the case is considered closed, and the organization has no reportable disciplinary history related to that case.
- c. *Responsible* – This outcome occurs when the decision-maker(s) established to a preponderance of the evidence standard that a violation occurred.

If an RSO/UAO accepts responsibility through a Mutual Resolution or is found responsible for violation(s) through the Formal Resolution process, status and educational outcomes will be determined to effectively address the behavior of the RSO/UAO related to the violation(s) and if appropriate, provide an opportunity to create sustainable change of behaviors, culture and/or activities. This process can be collaborative in nature and include soliciting input from the RSO/UAO representative(s), advisor(s), and/or members of the inter/national organizational governing body.

The decision-maker(s) will determine an appropriate Status Outcome as well as any appropriate Educational Outcome(s)

- a. *Status Outcome(s)*:
 1. *Letter of Concern* – notification that the University is concerned about the organization's behavior. This outcome is considered part of an organization's disciplinary history for a period of one (1) year from the date issued.
 2. *Disciplinary Warning* – official disciplinary action conveying to the organization that their behavior was unacceptable, and that any future violation(s) may result in more severe disciplinary action, including Disciplinary Probation, Suspension, or Revocation of University Recognition/Affiliation. This outcome is considered part of an organization's disciplinary history for a period of three (3) years from the date issued.
 3. *Disciplinary Probation* – a period in which the organization's behavior is under University review, conveying that the behavior was unacceptable, and that any future violation(s) may result in more severe disciplinary action, including Suspension or Revocation of University Recognition/Affiliation. This outcome is considered part of an organization's disciplinary history for a period of five (5) years from date issued.

4. Suspension – separation from the University for a determined period of time. The purpose is to create separation between the RSO/UAO and the University for a determined period of time. During the period of Suspension, the RSO/UAO will have all benefits of University recognition/affiliation suspended. A suspended organization may not participate in University Sponsored Activities, participate in events and activities as an organization on- or off-campus, use or schedule University facilities, and cannot use Appalachian State University’s name or marks in any manner for any purpose. This outcome is considered part of an organization’s disciplinary history for a period of eight (8) years from date issued.
 5. Revocation of University Recognition/Affiliation – the organization’s relationship with the university is terminated. During the period of Revocation, the RSO/UAO will have all benefits of University recognition/affiliation rescinded. A revoked organization may not participate in University Sponsored Activities, participate in events and activities as an organization on- or off-campus, use or schedule University facilities, and cannot use Appalachian State University’s name or marks in any manner for any purpose. This outcome is considered part of an organization’s disciplinary history indefinitely.
- b. *Educational Outcome(s): *This is not an exhaustive list*
1. Mandated Service
 2. Educational Workshops/Programs/Trainings/Certifications
 3. Research/Reflective Essay(s)
 4. Presentations to the Community
 5. Restitution
 6. Restrictions – including but not limited to the following:
 - i. Suspension of rushing, recruitment, or intake processes
 - ii. Representing the University in any official function, leadership position, elected position etc.
 - iii. Social Restrictions
 - iv. Hosting/Co-Hosting parties and other formal or informal social events (with or without alcohol)
 - v. Participating in University activities/events/award ceremonies etc.
 - vi. Campus/Facility Restrictions
 - vii. Being on part(s) of the campus community/in specific facilities
 - viii. Reserving/using certain space(s) within the campus community/in specific facilities

When making Outcome(s) determinations, the decision-maker(s) will also consider any appropriate Compelling Factors, which may include, but are not limited to:

- a. Prior Disciplinary History
- b. The nature of the behavior(s), as well as any impact(s)
- c. The available support from any external/alumni partners, advisor(s), and/or members of the inter/national organizational governing body, if applicable
- d. Information provided in a desired outcome statement and/or Impact Statement

Unless otherwise noted, all outcomes become effective upon the conclusion of any appeal process, or if no appeal request is submitted, upon the deadline for submitting an appeal request. Based on an Organization's adherence to outcomes, possible changes in leadership over time, or other circumstances, outcomes for Organizational Misconduct may be evaluated and modified.

Petition to return after Suspension or Revocation of University Recognition/Affiliation

At the conclusion of the Suspension or Revocation period, the organization may petition to return to campus. A petition request should be sent to the Office of Student Conduct as well as any appropriate campus entities (such as Campus Activities, UREC, Fraternity and Sorority Life etc.). In order to petition, the organization must clearly meet all requirements outlined in the outcome letter, must have disbanded for the duration of the Suspension or Revocation period, and have a plan for a successful return. The return of the organization is not automatic. Failure to meet outlined requirements or demonstrate a plan for a successful return could result in the denial of the organization's petition to return.

Organizations returning from Revocation must also seek clearance/reestablishment from other appropriate campus entities. This may include following the chartering of new student organizations process through Campus Activities, or, if the organization is a social fraternity or sorority, following the process outlined in the Fraternity and Sorority Life Organizational Growth Policy.
